

ABOUT US

PHAM News is widely regarded as the leading technical publication for industry professionals and decision makers. The long established publication continues to evolve so that it reflects the key concerns of its readers and provides an authoritative commentary on the many challenges facing businesses operating in the domestic and light commercial sectors.

Produced in an attractive and accessible tabloid format, **PHAM News** delivers an unrivalled breadth of coverage to ensure that readers are kept abreast of the latest design trends and technical developments. Throughout the year, **PHAM News** targets specific areas of the plumbing and HVAC markets with monthly features that deliver

analysis, advice and insight across a comprehensive range of technologies.

PHAM News subscribers include installers and contractors, specifiers, manufacturers, merchants and distributors, local authorities, and training institutions.
